

# This Year's Summit Was A Major Success!

Continued from page 1

The summit was enlivened by the talents of DJ Valero 888, J's Diamond's Dance Team, and youth poets Elijah Carlyle and Ke'Myra Jackson. We are grateful to our media partners, Soulcity, Black Life ATX, and Where Ya'll At Though?, for amplifying our message and helping us reach a wider audience.

Thank you to everyone who contributed to making the State of Black Education III a success. Your commitment to equity in education is the driving force behind the progress we're making for Black students in Central Texas. We look forward to continuing this journey together as we turn our collective insights into impactful actions.
